

MATERIALS PRELIMINARY ENGINEERING AND DESIGN MANUAL

TABLE OF CONTENTS

	<u>SECTION</u>	<u>PAGE</u>
Distribution Memo		iv
Changes in Preliminary Engineering and Design Manual .		v
Foreword		vii
List of Tables and Figures		xii
INTRODUCTION		1
Materials Testing Services		1
Pavement Services		2
Geotechnical Services		3
Materials Reference Information		5
Glossary of Terms		7
CHAPTER ONE		
Geotechnical Investigation Procedures		21
Sources of Information		21
Centerline Investigation		24
Investigation for Rehabilitation of Existing Roadway		35
Material Pits		36
Field Review		48
Sampling Techniques		52
Completion of Sampling Operations		66

TABLE OF CONTENTS

	<u>SECTION</u>	<u>PAGE</u>
CHAPTER TWO		
Pavement Design		69
General Pavement Design Considerations - New Construction		76
Pavement Design		80
Flexible		80
Rigid		104
Minimum Pavement Design Controls		109
Selection of Optimal Design		111
Design Documentation and Presentation		116
CHAPTER THREE		
Pavement Management and Evaluation		140
CHAPTER FOUR		
Pavement Rehabilitation		149
CHAPTER FIVE		
Consultant and Local Government Projects		160
APPENDIX A		
Traffic Data Procedures and Analysis		171
APPENDIX B		
Pavement Design for Frost Action		177
APPENDIX C		
Guidelines for Geotechnical Investigation and Geotechnical Report Presentation		179
